4th Tuesday Fun on January 22 from 11:00 to 3:00

Come to the Club's first 4th Tuesday Project Day on January 22nd. Learn to create handmade Valentine cards for your loved ones. There will be a demonstration and some finished card samples, and then we can cut loose with paper, scissors and glue as we make collage note cards from beautiful Japanese papers and fine doodads, such as ribbons, beads, twigs and heaven knows what. Have fun making the cards and maybe even pass on the good karma of contributing to a good cause by sending Valentines to a charity of your choice. Bring your own scissors and glue as well as any other materials, such as dried flowers, scrap ribbons, old stamps, feathers, etc. to embellish your cards or to share with others.

Something Old is New Again!

Throughout the Club's 100-year history, playing cards has been an enjoyable way for members to socialize while developing card sense and winning high points. Currently, the Club's time-honored Marathon Bridge Group of 40 players meets on 3rd Tuesdays, but we've noticed that there are very few new, younger people playing bridge these days.

We'd like to change that by introducing Bridge for Beginners from 10:00 to 11:00 on 4th Tuesdays as an informal, hands-on way to learn how to play bridge by sitting down at the card table with experienced players who will guide and coach you in the basics as you begin playing some hands right from the get-go. Sign up through the Club website or contact Jana Haehl at <jghaehl@comcast.net> or 924-4253.

Because of the storms this week, the bulletin is going out later than usual. :(

What's Happening on 1st Tuesdays in 2008?

With the Rec Center in use as a polling place for state and federal elections on 1st Tuesdays in February, June, and November, the club's monthly Potluck Luncheons are being moved to 2nd Tuesdays in 2008, at noon. (See details, above.)

During the remaining 1st Tuesdays, starting on March 4th, something new will be happening from 11:30 to 1:30 -- brown bag lunch get-togethers featuring wide-ranging discussions about various community issues and activities or other intriguing topics.
